Sub: Invitation as Resource Person for a Five Days Add-on Certificate Program on “**C++ Programming Languages**”.

Respected Madam,

It gives me immense pleasure to invite you as a Resource Person to address our Artificial Intelligence and Data Science Students on “**C++ Programming Languages**”. The Proposed Date for this is from **30/09/2024 to 05/10/2024, 09:30am** onwards. We firmly believe that your thoughts, experience and expertise would enable our students to gain valuable knowledge.

Kindly communicate your acceptance which will enable us to organize the smooth conduction of the talk.

Thank you.

With Regards,

Prof. S. R. Baji

Activity Report

Particulars	Description
Department	Artificial Intelligence and Data Science
Activity	Five Days Add-on Program
Activity level	Department
Title	Certificate Program on "C++ Programming Language"
Organized by	AIDS Department in Association with IQAC
Venue	AIDS Department, Classroom-I and Data Structures Lab
Date	30/09/2024 to 05/10/2024
Time	9:30 AM to 03:30 PM
Objectives of the activity	• To introduce students to C++ and its foundational concepts. • To provide knowledge of data types, operators, and control structures in C++. • To familiarize students with arrays, pointers, functions and strings in C++.
Outcomes of activity	• Students will demonstrate an understanding of C++ syntax and structure by writing basic programs and articulating the role of C++ in software development. • Students will effectively utilize various data types and operators and implement decision-making and looping constructs, enabling them to develop interactive and dynamic applications. • Students will successfully declare, initialize, and manipulate arrays, pointers, functions and strings, allowing for the effective storage and processing of collections of data.

Brief Description of the activity	Artificial Intelligence and Data Science Department of Late. G. N. Sapkal College of Engineering, Nashik has organized Five days Add-On Certificate Program on "C++ Programming Language". The resource person was Prof. Shweta D. Bagade, Assistant Professor, LGNSCOE. The session began with a brief introduction of guest and welcoming the expert of Add-on program Prof. Shweta Bagade with importance of the topic with the C++ Programming Language of the second year syllabus. During the Five-Day Add-On Certificate Program on "C++ Programming Language," Students engaged in a comprehensive and interactive learning experience. The program began with an introduction to C++, covering its history, significance, and fundamental syntax, allowing students to write their first simple programs. As the week progressed, attendees delved into essential programming concepts such as data types, operators, and control structures, where they practiced implementing decision-making logic and looping constructs through hands-on exercises. The curriculum also included practical sessions on arrays and strings, enabling students to declare, manipulate, and perform operations on these data structures. Furthermore, participants explored pointers and functions, gaining insights into memory management and modular coding practices. The program culminated in advanced topics, including structures and file handling, where

	students learned to read from and write to files, enhancing their understanding of data persistence. Throughout the program, students worked on individual and group projects that reinforced their learning, culminating in a final assessment that showcased their newly acquired skills in C++ programming. After this educational discussion and practical exercise, the students were incredibly satisfied and enthusiastic. Prof. M. N. Jadhav Assistant Professor in the AI&DS Engineering Department, offered the vote of gratitude. The function ended with the National Anthem.
