Brief Description of the activity	Artificial Intelligence and Data Science Department of Late. G. N. Sapkal College of Engineering, Nashik has organized Five days Add-On Certificate Program on "R Programming Language". The resource person was Prof. Y.S. Laandge, Assistant Professor, LGNSCOE. The session began with a brief introduction of guest and welcoming the expert of Add-on program Prof. Yogesh Laandge with importance of the topic with the R Programming Language of the second-year syllabus. During the Five-Day Add-On Certificate Program on "R Programming Language," Students engaged in a comprehensive and interactive learning experience. The program began with an introduction to R, covering its history, significance, and fundamental syntax, allowing students to write their first simple programs. As the week progressed, attendees delved into essential programming concepts such as data types, variables, Basic Operations, and Data structures, where they practiced implementing decision-making logic and looping constructs through hands-on exercises. The curriculum also included practical sessions on functions and Packages, enabling students to create their own packages and functions. Furthermore, participants explored, gaining insights into Data Manipulation, Data Cleaning and Data Merging and Joining coding practices. The program culminated in advanced topics, including Data Visualization and Statistical Analysis where students learned to Visualize and Analyze the Data Correctly. Throughout the program, students worked on individual and group projects that reinforced their learning, culminating in a final assessment that showcased their newly acquired skills in R programming. After this educational discussion and practical exercise, the students were incredibly satisfied and enthusiastic. Prof. M. N. Jadhav Assistant Professor in the AI&DS Engineering Department, offered the vote of gratitude. The function ended with the National Anthem.
