Relevance to POs	PO1, PO5, PO6, PO7, PO8, PO9, PO11
Relevance to PSOs	PSO3
Methodology used	<ol style="list-style-type: none"> 1. Live Demonstration 2. Interactive Discussion
Brief Description of the activity	<p>An industrial visit was organized for Second Year Computer Engineering students of Late G. N. Sapkal College of Engineering on 26th February 2026 at R3 Systems India Pvt. Ltd, Nashik. A total of 126 students participated along with 2 staff members. The visit aimed to expose students to professional practices in the field of web and software development. Students were given an overview of the company's services and operations. They observed department-wise workflows and project management practices. The session also included interactions on trending technologies like PHP, Angular, NodeJS, and insights into software development practices. This visit successfully helped bridge the gap between classroom learning and industry realities, enhancing student's professional readiness.</p>
