

Program Specific Outcomes (PSO)

Program Specific Outcomes (PSOs) refer to specific statements that describe what students are expected to know, think, or be able to do upon completion of a particular engineering program, reflecting the specialized knowledge and skills relevant to their field of study.

| Sr. No. | PSO |
|------------|---|
| 1. | PSO1: Test, operate, install and protect AC/DC Electrical machines, power system and design of transformer & induction motor. |
| 2. | PSO2: Select, measure, control, simulate & analyse; Systems in Electrical Engineering by using analog & digital circuits, power electronics, Microprocessors / Microcontrollers, PLC / SCADA and numerical methods |
